

CONTINUOUS INNOVATION TO MEET CUSTOMER NEEDS

At Central Life Sciences, we have always sought to provide environmentally compatible control. In 1968, we discovered the compound (S)-methoprene, the original insect growth regulator. It was developed to halt mosquito growth in the larval stage. This was a different control method, born from stopping mosquitoes in a more environmentally responsible way. Driven to satisfy our customers, we are constantly producing new innovations. The All Clear Rebate is part of the effort to provide environmentally conscious mosquito control that meets ever changing needs.

HOW THE REBATE WORKS

Just fill out the attached form and submit it with all relevant invoice copies for purchases made from January 1, 2019 to December 31, 2019. The deadline for submission is January 31, 2020. One rebate submission per customer. Rebate program is available only in the U.S. for municipal, county and state agencies and U.S. commercial organizations that purchase Altosid®, FourStar®, Zenivex® or Duplex™-G products from an approved U.S. Central Life Sciences agent/distributor.

PROVEN

ALTOSID® LARVICIDES

Including Altosid® P35

- Industry standard for over 50 years
- Consistent, reliable performance
- Multiple formulations
- Target specific
- High quality (S)-methoprene

DURABLE

FOURSTAR® LARVICIDES

FOURSTAR®

- Extended residual microbial formulations
- *Bsph/Bti* biological environmental profile
- High-bulk density; reduced target drift
- 45, 90 and 180-day residual briquets
- Dual-action flash and controlled release technology

ADVANCED

ZENIVEX® ADULTICIDES

Zenivex®

- EPA reduced-risk classification
- Low toxicity profile
- Quick, permanent knockdown
- Approved for use over cropland

INNOVATIVE

DUPLEX™-G LARVICIDE

Duplex™-G

- Dual biorational and biological control
- Active Booster Release Technology
- Extended residual; 28 days of control
