

UP YOUR APPLICATIONS WITH ZENIVEX®

REWARDS PROGRAM

Get something more from mosquito control. Now, when you purchase designated amounts of Zenivex® products during the program period, you can **EARN UP TO 10%** in rewards. Incorporate Zenivex® products into your mosquito control operations to gain savings and add the reduced-risk profile from etofenprox-based formulations.

Protect your community with Zenivex® products and save.

**Program Period:
4/19/17 - 7/31/17**

During program period, all single orders of Zenivex® E20 and Aqua Zenivex™ E20 that are 90 gallons or more qualify for a direct 10% rebate or free product from Central Life Sciences

Zenivex® E20 and Aqua Zenivex™ E20

During program period, all single orders of Zenivex® E4 RTU that are 120 gallons or more qualify for a 7.5% direct rebate or free product from Central Life Sciences

Zenivex® E4 RTU

How the “Up Your Applications” Rewards Program Works:

All program rebates will come directly from Central Life Sciences. Rebates can be settled in the form of a rebate check or FREE product. Allow 30 days for rebate settlement.

UP YOUR APPLICATIONS WITH ZENIVEX®

REWARDS PROGRAM

Features and Benefits:

- Quick permanent knockdown of adult mosquitoes
 - EPA reduced-risk classification
- Approved for use over agricultural crops
 - Favorable environmental profile
 - Non-ester pyrethroid

Zenivex® E20

Like other Zenivex® products, Zenivex® E20 is an oil-based formulation that presents a very low toxicity profile to birds and mammals. Containing 20% of active ingredient etofenprox, this ready-to-use formula can be used alone or diluted with oil.

Zenivex® E4 RTU

Designed to give mosquito control professionals operational options, this product can be applied with a wide variety of ULV foggers for hand, ground or aerial applications. Containing 4% of the active ingredient etofenprox, Zenivex® E4 RTU is a ready-to-use oil-based formulation.

Aqua Zenivex™ E20

Aqua Zenivex™ E20 offers the efficacy and toxicity profile of Zenivex® products in a water-dilutable formulation for the effective control of adult mosquitoes, non-biting midge flies and nuisance flies. This product is classified as reduced risk by the EPA.
