

50 YEARS
CELEBRATING
INNOVATION

Fifty years ago, we discovered the compound (S)-methoprene, the first insect growth regulator used in mosquito control.

Since then we have been driven by our commitment to environmentally sound practices - we were born out of it. (S)-Methoprene was developed to halt mosquito growth in the larval stage. In the 50 years since this monumental innovation, we've worked to stay focused on innovations to control insects in a way that is environmentally compatible. On this special 50th anniversary, we are proud to once again offer you the All Clear Rebate. We look forward to serving you and your insect control needs for the next 50 years and beyond, with innovative solutions every step of the way.

HOW THE REBATE WORKS

Just fill out the attached form and submit it with all relevant invoice copies for purchases made from January 1, 2018 to December 31, 2018. The deadline for submission is January 31, 2019. One rebate submission per customer. Rebate program is available only in the U.S. for municipal, county and state agencies and U.S. commercial organizations that purchase Altosid®, FourStar®, Zenivex® or Duplex™-G products from an approved U.S. Central Life Sciences agent/distributor.

2018 REBATE FORM

Get cash back for controlling mosquitoes by filling out this form. Remember to attach copies of your invoices.
